Data Provided By:	Davidson County Election Commission
Source:	Election Commission Voting Application
Time Period:	August 2019 to present
Update Frequency:	As needed

Additional Information

How is this data collected?	The data is exported from the Election Commission Voting Application database. The data is considered very reliable and is verified by the data owners.
What does each record represent?	Total number of voters of the designated type within a given voting precinct in a given election
What are the limitations of the data?	Data is not updated for each election until results are certified by the Election Commission.
Additional comments:	This dataset contains data on multiple elections over time. Users can take advantage of filtering and sorting tools to narrow down visible records to their desired election(s).
